# 2020 ANNUAL AWARDS DINNER

Since its inception in 1963, the National Maritime Historical Society has used its position as the national voice of our maritime heritage to recognize, through its awards program, effective leaders and organizations in the maritime field. Over the last five decades, the Society has awarded 206 such awards. In the year 2020, as we look back over our organization's history, we reexamine and reaffirm the extraordinary accomplishments of this remarkable group of individuals and institutions who have preserved our vital maritime heritage and in so doing have encouraged others to follow their example. We invite your participation as a sponsor on this very special occasion.

## *The Event*

Dinner Chairman **Christopher J. Culver**, NMHS Trustee and Vice Commodore of the New York Yacht Club, and Honorary Chairman **George W. Carmany III**, NMHS Overseer and former NMHS Distinguished Service Award recipient, invite your support of this illustrious event on 22 October 2020. **Richard T. du Moulin**, award-winning yachtsman, will be the Master of Ceremonies. Video introductions will be presented by award winning documentarian and NMHS Vice Chairman **Richardo R. Lopes** and **Alessandro Lopes**.

Join us for this virtual celebration bringing together all those who love and serve the sea—leaders of the sea services, merchant marine, defense and maritime industry; maritime authors and artists; environmentalists and conservationists; sea explorers and scientists; competitive yacht sailors; philanthropists; commercial and pleasure boat designers and builders; cruise line operators; maritime educators; and maritime educational institutions and museums.

## *The Awards*

The **Karl Kortum American Ship Trust Award** is given for leadership in building or restoring historic ships. The **Robert G. Albion/James Monroe Award**, originally conceived as an acknowledgement of exemplary work in researching the maritime history of New York, evolved over the years to acknowledge great historiography from maritime historians, preservationists, authors, artists, and educators. The **Founder's Sheet Anchor Award** is given to recognize extraordinary leadership in building the strength and outreach of the Society, and was renamed the **David A. O'Neil Sheet Anchor Award** in 2005 in honor of our trustee. The **NMHS Walter Cronkite Award for Excellence in Maritime Education** honors individuals and organizations whose outstanding achievements in maritime education bring history alive for young people. And the National Maritime Historical Society's **Distinguished Service Award** is presented to recognize individuals who, through their personal effort and creativity, have made outstanding contributions to our maritime heritage.

The **Rodney N. Houghton Award** is presented for the best feature article in *Sea History* in the preceding year. The **Bravo Zulu Award** acknowledges courage at a maritime location. The **Volunteer Appreciation** and **Service Appreciation Awards** are given for peerless work for the Society. The **NMHS New York Harbor Historic Ship Steward Award of Excellence** is presented to those who brought and maintained historic ships in the port of New York. The **NMHS Sea History Award of Appreciation** is presented to those whose exemplary features consistently appear in *Sea History*. NMHS has also been honored to work in association with the Naval Historical Foundation, the National Coast Guard Museum Association and The Nautical Research Guild to present their awards.
